

**BROOKE PRESTON**

**FALL 2020 SIBBERSON AWARD FINALIST**

**SCHOOL OF BUSINESS**

Brooke is graduating with a Bachelor of Business Administration in Economics and Finance. She plans to move to Texas after graduation to work as a Financial Advisor. After gaining hands on experience in the field, she would like to pursue her entrepreneurial goal of owning her own financial advisory firm, dedicated to helping underprivileged people navigate their finances. In the future, she plans to return to Washburn to earn her Master's Degree in Business Finance and Economics.

Brooke is a member of Phi Kappa Phi honor society. She tutored Business Information Systems her junior year at Washburn and interned at Kansas Business Solutions the summer before her senior year where she advised small businesses on their finances and taxes. She was named the Magnificent 7 recipient for Economics, and ranked in the 99<sup>th</sup> percentile on the Business Major Field Test.

Brooke received the Hancuff WEA Scholarship, Chubb Scholarship, and Seeley Scholarship from Washburn, along with several scholarships awarded through her high school. One day she would like to repay the favor by donating to a scholarship fund for Washburn School of Business.
