My time at Washburn has been transformative, filled with opportunities that challenged me, helped me grow, and prepared me to take on this next chapter. Through leadership roles, academic rigor, and hands-on experiences, I built a strong foundation for success. As a Strategy Data Intern at Advisors Excel, I had the courage to advocate for myself, presenting in front of executive leaders which led to the creation of a brand-new role tailored for me. I am now thrilled to be transitioning that internship into a full-time career this May.
