

Caylee Douglas

Gregory D. and Ronda K. Brenneman School of Business

Bachelor of Business Administration

Caylee earned Bachelor of Business Administration, double majoring in Marketing and Management. Last year, she also decided to pursue a master's degree simultaneously and will graduate with an MBA in the spring. Caylee served on the Dean's Student Advisory Council and has been involved in Sales and Marketing Executives and the Entrepreneurship and Innovation Club. She noted one of the most meaningful parts of her college experience was serving as a Young Life leader, where she mentored middle school students in Topeka and helped them grow in their faith and confidence. After graduation, Caylee plans to continue growing her career in business here in Topeka, where her family and community roots run deep. She hopes to continue giving back to the same community that has shaped who she is and supported her every step of the way.
