Details/Description:

Acceptable Target:

90% of HIT students will receive “satisfactory” ratings or higher on the PPE site evaluations in AL 241 Professional Practice 2.

### Analysis and Reporting Calendar

Assessment conducted annually

### Stakeholder Involvement

There are two full-time faculty members in the Health Information Technology program who develop, implement and review data for assessment. Assessment information is shared with the advisory board and accreditation body on an annual basis. The program follows the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM) accreditation standards. The program submits an Annual Program Assessment Report to CAHIIM each spring.

### Program Assessment Plan Review Cycle

The Program Assessment Plan is reviewed every 6 years.
