

2021-2022 Assessment Cycle

Assessment Plan

Mission Statement

The mission of the Washburn University Department of Art is to provide students with a strong foundation based on mastering basic concepts of art, design, art history and criticism, as well as learning the technical skills necessary to make art in a changing world. Upon graduation, art students will understand the role of visual arts in expressing human emotions and needs in historical and contemporary life, as well as the power of artistic creation in its many forms.

Measures

No measures specified

Analysis and Reporting Calendar

In previous years, all art PSLOs are completely revamped , We did not collected any data and analyzed the PSLOs due to the time constraints(the updated information were turned in sp21), with the newly completed

reversion, which included Mission Statement , PSLOs, Curriculum map, we plan on analyze all PSLOs this year and bring the Art's assessment back on track.

Data will be collected and analyzed for each PSLO (1-5) annually.

Stakeholder Involvement

Art faculty who teach courses for the Program will meet and review for the Program Assessment Plan.

Instructors of courses in the Program are responsible for collecting, analyzing and reporting data to the Department Assessment Liaison.

Assessments result will be made available to all of the department Faculty and discussed at a Department meeting.

Program Assessment Plan Review Cycle

The Program Assessment Plan will be reviewed every year. Recent changes to the Assessment Plan were made in FY20-21.

In previous years, all art PSLOs are completely revamped , We did not collected any data and analyzed the PSLOs due to the time constraints(the updated information were turned in sp21), with the newly completed reversion, which included Mission Statement , PSLOs, Curriculum map, we plan on analyze all PSLOs this year and bring the Art's assessment back on track.
