_____	_____
_____	_____

Please list departmental activities in which you participated last year:

Are you currently doing research? If so, what is your project and with which faculty person are you working? If not, have you completed your research?

If you answer no to the above, when do you plan to begin your research project?

Please briefly describe your career goals:

Application for Chemistry Dept. scholarship must be received by February 26 of the current academic year.

Financial Aid Office can provide information about Washburn University Scholarships.
