

2003-2004 Season

AGNES OF GOD

by John Pielmeier

February 27, 28, March 5, 6, 7

art: Barbara Waterman-Peters

This production explores the conscious and subconscious mind through the use of ritualistic and symbolic scenery, costumes and action. The mystery of the dead baby is not the most important truth explored in this production, but rather a context in which to challenge our ideas about faith, reason, mystery, miracles, sacrifice and redemption.
