

Hello, my name is Sierra Jeter. I was born and raised in Kansas, and I am completing my last year at Washburn. I am a double major in Political Science and Spanish with a minor in History. I have been heavily involved in the Washburn and greater Topeka community since my freshman year. Joining clubs and getting involved was a savior to me during my first years at Washburn. I now have a passion to share my enthusiasm about Washburn with new, transfer, international, and all students. I am known for being an Ichabod through and through. I work immensely hard at making Washburn University a comfortable, safe, encouraging, and accepting environment for everyone who comes. I am in this position to represent Washburn and all we can provide but also be there for students as they need.

Can't wait to see what this year has in store.
