

Tentative Final Exam Schedule – Fall ???

For Classes Beginning Prior to 4:00 p.m.

Examinations are given in the regular classroom at the time and date indicated, unless the instructor makes other arrangements.

Exam times for consultation courses will be arranged by the instructor. If a student is scheduled for two finals at the same time, the student will take the final for the course listed first in the schedule below, and the instructor of the other course will make arrangements for an alternate final examination time for the student. Students who have more than two finals scheduled on the same day have the option of rescheduling finals so that they have no more than two final exams on any given day. If three final exams are scheduled for the same day, the middle final exam will be rescheduled. If four final exams are scheduled, the middle two final exams will be rescheduled. Students should notify instructors of conflicts prior to the last week of class.
