Proposed Minor in Coaching

Rationale: The purpose of the Minor in Coaching is to provide students the education and experience needed to obtain an entry-level coaching position. In addition, courses selected provide the knowledge needed for students to complete the ASEP coaching certification exam. There are several reasons for proposing this minor. First, other universities in the state of Kansas offer a coaching minor. Washburn's Kinesiology department has the capacity to create a very competitive minor in this area of study. Second, there is a high demand for this area of study. Upon surveying Kinesiology students over a two-year period, there was more expressed interest in coaching than any other profession within the discipline. Third, there is currently a Concentration in Coaching within the B.Ed program that is outdated and contains courses that are not offered anymore. Because this concentration is outdated and only offered through the B.Ed program, only B.Ed students are able to take the coaching classes. The intent is to make it more appealing to other students wishing to pursue a national coaching certification.

Listed below are courses within the proposed Minor in Coaching (19 hours):

KN 257	Prevention and Care of Athletic Injuries (3)
KN 300	Psychology of Sport (3)
KN 308	Nutrition for Sport and Fitness (3)
KN 357	Sports Performance Training and Reconditioning (2)
KN 240	Coaching Principles and Philosophy (2)
KN 260 or 360	Team or individual activity techniques course (2) -KN 260 – Tech I (football, basketball, softball, soccer, speedball, lacrosse, team handball, floor hockey) -KN 360 – Tech III (tennis, golf, archery, badminton, pickle ball, bowling, volleyball, table tennis)
