

**REQUEST FOR PROPOSAL RFP 25030
STUDENT ORGANIZATION PORTAL**

RFP Number: The above Request for Proposal Number has been assigned to the Request and **MUST** be shown on all correspondence or other documents associated with this Request and **MUST** be referred to in all verbal and written communications. *All inquiries, written or verbal, unless otherwise specified herein, shall be directed to purchasing@washburn.edu only.*

Purpose: This document constitutes a request from Washburn University for competitive proposals from vendors in accordance with the terms, conditions, requirement and instructions stated herein.

READ THIS REQUEST CAREFULLY

Failure to abide by all of the conditions of the Request for Proposal (RFP) may result in the rejection of a bid.

Section I. Introduction

1.1 Purpose of Request

Washburn University is seeking a robust, centralized platform for all registered student organizations/groups. Washburn is seeking a software program that will support student organization management process for Faculty and Staff.

1.2 RFP Details

Important Dates

RFP Issued	January 17, 2025
RFP Inquiry Questions Due	February 3, 2025
Proposal Due Date	February 17, 2025

*Proposals must be received by 2:00 p.m. **February 17, 2025** (CST) local time. Proposals must be in electronic format or delivered in sealed envelope to the Purchasing Office, Morgan 214A and must be received by the date, time, and place stated herein in order to be considered.*

Inquiries

All inquiries about the RFP must be submitted either electronically (PREFERRED) or by United States Postal Service in a sealed envelope. Please be mindful that if USPS is selected as your method of delivery, that the bid MUST be received by the University in the Purchasing Office by **February 17, 2025 at 2 PM CST:**

Gabrielle Rye
Buyer
1700 SW College Ave
Morgan 214A
Topeka, KS 66621
purchasing@washburn.edu

Questions arising subsequent to the issuance of the RFP that could have an impact on the responses should be submitted by **February 3, 2025** to purchasing@washburn.edu. All official answer to questions submitted will be in the form of an addendum and be in written form ONLY. No other answers given in any other format will be deemed not valid for this RFP.

Submission

Email your proposal to Washburn Purchasing (purchasing@washburn.edu) by 2:00 pm, Central Time on **February 17, 2025**. Adobe PDF document type is preferred, but Microsoft Word and Excel document types are accepted.

Washburn University reserves the right to reject any or all proposals, to waive or refuse to waive errors or omissions in any proposal, to extend the time for submission of proposals, or to withdraw this request at any time. In no event shall a vendor submit its own standard contract terms and conditions as a response to this RFP. The vendor should address specific language or exact contract deviations that its firm wishes to negotiate in a section entitled exceptions.

Acceptance

Washburn University may award the contract to the vendor whose proposal is determined to be the most beneficial to the University. The University will contact the vendor upon acceptance of a proposal. Washburn University will also notify all unsuccessful proposers as to the outcome of the evaluation process. This RFP does not obligate the University to award a contract and reserves the right to cancel this RFP if cancellation is in the University's best interest.

Parties to the RFP

Parties to the contract will be Washburn University and the vendor. Invoices for all services and reimbursable expenses will be submitted to the Washburn University department of record for

payment. Approved payments will be subsequently made by Washburn University in accordance with the contract.

Costs of Proposal Preparation

The cost of developing and submitting the proposal is entirely the responsibility of the vendor. This includes costs to determine the nature of the engagement, preparation of the proposal, submitting the proposal, negotiating for the contract and other costs associated with this RFP.

Competition

The purpose of this RFP is to seek competition. The vendor shall advise the Washburn University Purchasing Office if any specification, language or other requirement inadvertently restricts or limits bidding to a single source. Notification shall be in writing and must be received by the Washburn University Purchasing Director no later than five (5) business days prior to the bid closing date. The Washburn University Purchasing Director reserves the right to waive minor deviations in the specifications which do not hinder the intent of this RFP.

News Releases

Only Washburn University is authorized to issue news releases relating to this RFP, its evaluation, award and/or performance of the contract.

SECTION 2 INSTRUCTIONS FOR SUBMITTING A PROPOSAL

- 2.1 **Submittals:** Proposals shall consist of electronic copy attached to submission email including supporting documents to Washburn University at purchasing@washburn.edu or by hard copy delivered to Matt Hammar, Director of Purchasing, to Morgan 214A. Bidder's proposal shall be received by the closing date and time listed on the cover sheet.
- 2.2 **Signature of Proposals:** Each proposal shall give the complete mailing address of the vendor and be signed by an authorized representative by original signature with his or her name and legal title typed below the signature line.
- 2.3 **Acknowledgment of Addenda:** All vendors shall acknowledge receipt of any addenda to this RFP by returning a signed hard copy with the bid. Failure to acknowledge receipt of any addenda may render the proposal to be non-responsive. Only Washburn University shall issue changes to this RFP, which will be in writing.
- 2.4 **Modification of Proposals:** A vendor may modify a proposal by email at any time prior to the closing date and time for receipt of proposals.

- 2.5 **Withdrawal of Proposals:** A proposal may be withdrawn by email from the vendor to Kathy Pflaum in the Purchasing Office at Washburn University prior to the closing date. Unless otherwise provided in any supplement to these Instructions, no Bidder shall modify, withdraw, or cancel a bid or any part thereof for ninety (90) days after the opening time of bids.
- 2.6 **Proposal Disclosures:** At the time of closing, only the names of those submitting proposals shall be made public information. No pricing or other proposed information will be released. Interested vendors or their representatives may be present at the announcement.
- 2.7 **Proposal Format:** It is the vendor's responsibility to submit complete responses in accordance with the format and instructions requested. It is the vendor's responsibility to submit information related to the evaluation categories and the University is under no obligation to solicit any information not included in the submitted proposal. Failure to submit information may cause an adverse impact on the evaluation of the vendor's proposal.

Vendors are requested to provide a point by point response to all requirements listed in the Request for Proposal.

2.8 **Pre-Award Presentations and Negotiations**

1.8.1 As part of the evaluation process, the University may require presentations from the highest ranked proposals.

1.8.2 Prior to award, the University may elect to communicate with the highest ranked vendors submitting a proposal for purposes of:

1. Resolving minor differences and informalities;
2. Clarifying necessary details and responsibilities;
3. Emphasizing important issues and points; or
4. Examining ways to improve any subsequent contract and/or its constituent documents.

2.9 **Additional Information:** The University reserves the right to request additional information or clarification on any matter included in a proposal. The University reserves the right to negotiate with any vendor or vendors to arrive at a final decision.

2.10 **Washburn University Purchasing Consortium/Cooperative Memberships** Washburn University is a member of E&I, Sourcewell, Omnia Partners, Choice Partners, Greenbush, BuyBoard, PACE and GSAdvantage. The University is also eligible to receive pricing available on State of Kansas contracts that indicate 'Yes – All Political Subdivisions'. Vendors/Manufacturers who participate in more than one of these should quote the lowest available contract cost for materials/services. Contact Matt Hammar at Matt.Hammar@washburn.edu for assistance in determining whether you or your supplier is a participating contract/consortium vendor.

2.11 **New Vendor:** Please submit a W-9 with your proposal if you are a new vendor. You can find this form at: <http://www.irs.gov/pub/irs-pdf/fw9.pdf?portlet=3>

Section 3. Scope of Services Requested

Washburn University is seeking a software program that will support student organization management process for Faculty and Staff and meet the following functional and technical requirements.

Washburn seeks a centralized platform for all registered student organizations/groups. Student organizations each have their individual landing page, where thorough information can be found about their mission/vision, contact information, member roster, etc. Each Washburn University student, faculty, and staff members have their individual profile on the platform.

FUNCTIONAL REQUIREMENTS OF VENDOR:

3.1 Ability to Reserve facilities

The current platform is utilized to reserve venues and meeting spaces by submitting an Event Registration Form. (Each student organization manager or the admin would be able to make a reservation) Individuals with “Organization Administrator” access for Student Organizations/University Departments currently utilize an online form on the Platform to submit an “Event Registration.”

Once the form is submitted, the form enters an approval queue for routing where the following individuals submit approval before an event is ready for advertising on the platform”

- Organization Advisor
- Organization Administrator for University Scheduling
- Campus Safety Director (if needed)
- Campus Administrator Approves (our office)

3.2 Ability to Advertise

Users utilize the system to advertise approved campus events on the platform when they reserve a room. Once the “Event Registration” form is approved by all parties, the information and graphic/flyer provided on the Event Registration Form will be uploaded to the platform’s “Events” tab and under upcoming events on the public student portal landing page.

3.3 Maintain Organization Rosters

Administrative users or SOM can invite members of their organization to be listed on the student organization roster found on the platform. Those with Organization Administrator access can update their student organization’s roster. They can either add students to the roster by individually searching members by their first and last name, or by searching their Washburn University email address. Once the correct student is selected, they can either be added as a member or can be added with a specific member position/role: President, Vice-President, Treasurer, Secretary, Committee Chair. Once members are added, they receive an email asking to either “accept” or “decline” their membership to the organization.

Students can also request membership on an organization’s roster. The Organization Administrator will then be notified and can either accept or deny someone’s membership request.

3.4 Reporting and Analytics

The following analytics are collected to provide real-time data:

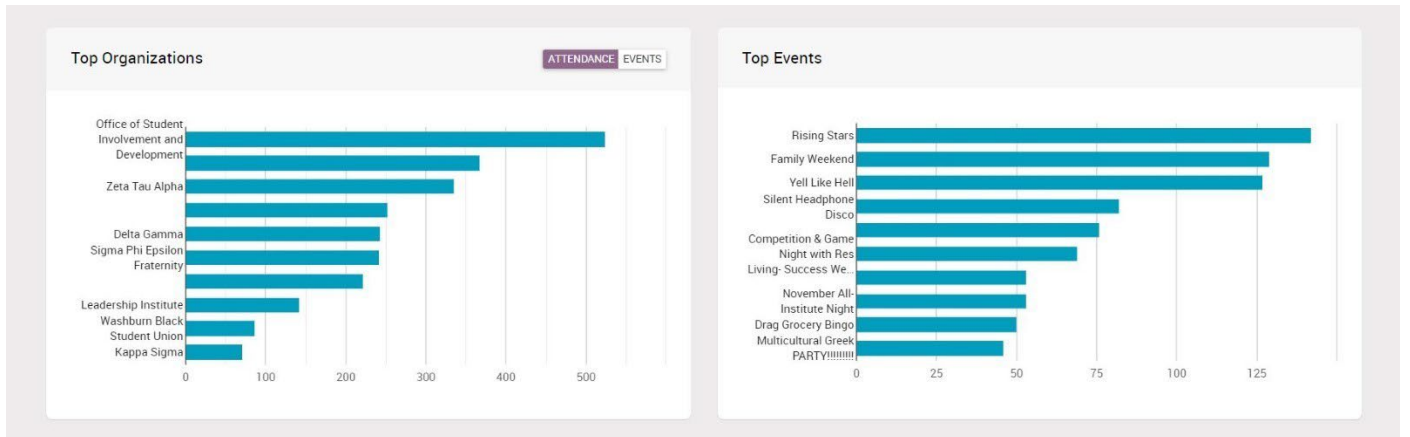

Age, enrollment, gender, GPA, International Student (yes or no), Major, Reshall,

See below for sample analytics we currently utilize.

Age
Enrollment
Gender
Residence Hall
GPA
International
Major

Demographics

3.5 Functional Gaps to Address in New System:

Analytics – First-Generation status (yes or no) This comes from Banner and will need to be included in the banner integration.

Vendors are encouraged to identify if there are other process solutions that could work.

Mobile application did not work very well – The proposed solution will need to have a Mobile app with the same look, function, features, as the web application, including single-sign on.

What do we need the mobile app to do - Ideally, a functional mobile application that would allow individuals to be checked-in at events they attend. Those with Organization Administrator Access and as “Host” of the event can utilize an app or mobile device to scan a QR code (generated by the platform for all users/students) to track attendance at events. The total number of people “scanned” or checked-in to an event should be readily available to find on the platform for the campus administrators and the student organization hosting the event for accurate record keeping and analytics.

System Reliability -The current system is not as reliable as we need it. Continuous system crashes and error messages at any given time of day.

Browser User interface – proposes system must be able to function at a minimum with the following browsers:

- Google
- Firefox
- Microsoft
- Safari

3.6 TECHNICAL REQUIREMENTS OF VENDOR:

3.6.1 The Student Organization Management Solution must be a hosted cloud web-based solution with sufficient memory/data to ensure top speed for all system processes and must provide adequate support for its system and users including but not limited to:

- A dedicated team who is familiar with or will be fully familiar with the University's setup, exceptions, and processes.
- Direct access to the team, via phone and email, during regular business hours.

All University data must be stored and backed-up within the continental United States of America. In no event shall the University’s data be accessed, transferred, or stored outside of the USA. Please describe and provide diagrams of exactly how storage and data are protected from external penetration of the information in the proposal.

The Student Organization Management solution must be an off-the-shelf (pre-programmed); generally available (i.e., not in beta or test) and currently in production and in use in or accessed by a client environment as proposed.

Prototypes or items in test production and not formally announced for market availability shall not be accepted. All equipment, products, and supplies offered in the proposal must be new, of current production, and available for marketing by the manufacturer.

The configuration selected must be flexible, user friendly and provide the ability to expand with the University.

The solution should be **intuitive and easy to use** for all users.

The solution must be compatible with current common browsers and maintain compatibility to newer versions of common browsers such as Internet Explorer, Chrome, and Safari.

The solution must provide system security parameters that allow separation of roles and responsibilities. Please describe the security measures in place including how responsibilities for individuals and groups are assigned. This may also be integrated into Active Directory (AD) to allow only members of certain groups to Read, Write, Edit, Delete (or other functionality) within the tool.

Describe how your proposed solution will store and transmit data in a secure fashion.

The solution should have the ability to delete and archive records.

The solution should allow for direct database access to raw data to support Washburn's automated data analytics initiatives.

The solution should be optimized to allow ease of mobile access to the system. The University is subject to the European Union's General Data Privacy Regulation [Regulation (EU) 2016/679] (the "GDPR") when the University is a "controller" or "processor" of "personal data" from an individual "data subject" located in the European Union, as those terms are defined in the GDPR. The Contractor acknowledges and agrees that it is acting as a "processor" of "personal data" for the University under the resulting Contract Agreement and that all applicable requirements of the GDPR are incorporated by reference as material terms of the resulting Contract Agreement. The Contractor represents and warrants that (1) it is aware of and understands its compliance obligations as a "processor" under GDPR; (2) it has adopted a GDPR compliance policy/program; (3) it will process "personal data" only in accordance with the University's instructions; and (4) with regard to its obligations under any resulting Contract Agreement, it shall comply with all applicable requirements of the GDPR to the same extent as required for the University. Additionally, the

Contractor shall indemnify and hold the University, its trustees, officers, and employees harmless from and against any claims, demands, suits, damages, penalties, fines, or costs arising from any violation of GDPR by the Contractor.

The Student Organization Management solution should be capable of interfacing with the following third-party software systems:

ELLUCIAN – BANNER

With the following user file from Banner – containing records for Register or Admitted Students and Faculty/Staff:

FIRSTNAME -Required, preferred first name

LASTNAME - Required

EMAIL – Required WU email

IDNUMBER – Required WIN

UNIQUECARDID - WIN

PERSONTYPE – Required Must be ‘Student’ or ‘Faculty/Staff’

MOBILENUMBER – blank for all.

USERNAME – WU email address

The following fields are populated ONLY for Students, not faculty/Staff:

GENDER –

MAJOR – Title of Major

INTERNATIONAL – Boolean, Y if their residence code is ‘I’ Required Dr Liedtke’s approval

GPA

RESHALL -Boolean ResHall

ENROLLMENT- Boolean Are they enrolled in the current term.

AGE

Additionally, as a separate process, Student photos are uploaded weekly.

Integration to EMS – University Scheduling uses this system – Ideally, students would be able to see in real-time the spaces that are and are not available to use. Room / Times of availability.

Integration to Navigate - We need to feed one-way (from Navigate to System) at an interval of at least daily. Grade Point Average (only for Admins to see) WIN .

3.7 OTHER TECHNOLOGY EXPECTATIONS

Integration to Existing Washburn University Applications

Ellucian Banner Integration with Washburn University

Are you an Ellucian partner?

If so, what level?

Please describe in significant detail how integration with Banner works. (flat files, Ethos, views, direct database access, API, other)?

Please provide a list of all data elements that you will read from the Banner database and why they are necessary to its functionality.

Please provide a list of all data elements that you will read from the Banner database and why they are necessary to its functionality.

Is any additional hardware or software required to support the integration? Describe.

Provide a detailed diagram depicting the integration. (on separate piece of paper please)

Will your software need to access other data sources? Describe.

How many other Banner customers are you currently integrated with?

Describe options for timeliness of data integration (daily, hourly, real-time?)

Washburn has implemented Ellucian Ethos. If your product requires Ethos for data exchange, please describe in detail the fields exchanged.

3.8 Identity Access Management

3.8.1 Single Sign On Single sign-on (SSO) is a session and user authentication service that permits a user to use one set of login credentials -- for example, a name and password -- to access multiple applications.

Requirement: If the application is configured to use single sign on, it is expected that those credentials will provide access to **all parts** of the application without need to enter additional credentials or create a second account, except for the possible use of multi factor authentication (MFA) if necessary.

3.8.2 Authentication

Authentication is a process by which users, processes, or services provide proof of their identity. User authentication often relies on a username and password but may also require a second authentication factor (e.g., DUO) where greater assurance of identity is required.

Requirement: The application will integrate with existing

Washburn University authentication systems and protocols to authenticate users, processes, and services.

Sub-requirements

The application must accommodate a username in the format of an email address.

The application must support CAS or SAML2 protocols using the University's supported identity providers (Ellucian Ethos Identity Services and Azure) backed by Active Directory.

In the case of SAML2, the vendor must be able to provide a metadata.xml file or URL to the service provider's metadata.

Any attributes required for user identification or authorization must exist in Washburn's Active Directory.

Preferred MFA (Multi Factor Authentication) Integration with DUO (Identity Management and Single Sign-On; CAS/SAML).

3.8.3 Authorization - Authorization includes processes that ultimately control what a user or process is allowed to do in an application. These processes may include organizing users into groups, assigning users or groups to roles, and managing the permissions for each role on application resources.

Requirement: The application will integrate with existing University services to manage groups, roles, and permissions. The application must have a Role Based Access Control (RBAC) model that is sufficiently flexible to meet the University's business needs.

Sub-requirements

The application's Role Based Access Control model can be extended to accommodate the University's custom roles if necessary (affiliate, for example).

The application can map groups or individuals into roles.

The application can accommodate multiple roles per user without requiring multiple accounts (employee that is a student, for example).

If the application requires creation of local accounts in order to facilitate authentication or authorization, this must be approved by the Washburn University CIO.

3.8.4 Session Management - Session Management provides capabilities to control properties of a user's session such as session length, forced reauthentication, and logout.

The primary goal of "Session Management" requirements is to ensure that data security controls on user application sessions can be configured to meet current and anticipated business needs. (Role-based access control)

Requirement: The application will allow configuration of user session controls that meet University security and privacy needs.

Sub-requirements

The application has a configurable user session inactivity timeout.

The application supports user-initiated logout.

COST PROPOSAL

Vendor Name:

Base Proposal:

_____ Dollars, (\$ _____)
(above to be written out)

SIGNATURE SHEET

The below stated Vendor submits a proposal for Services in accordance with the terms, conditions, and requirements stated herein. The Vendor hereby certifies it does not have any substantial conflict of interest sufficient to influence the bidding process on this proposal. A conflict of substantial interest is one which a reasonable person would think would compromise the open competitive bid process.

The Vendor submitting this bid and any person associated with this Vendor in the capacity of owner, partner, director, officer, principal, investigator, project director, manager, auditor, or any position involving the administration of federal, state or local funds:

1. Are not currently suspended, debarred, voluntarily excluded or disqualified from bidding by any federal, state or local agency;
2. Have not been suspended, debarred, voluntarily excluded or disqualified from bidding by any federal, state or local agency within the past three years;
3. Do not have a proposed debarment pending;
4. Within the past three years, have not been convicted or had a criminal or civil judgment rendered against them by a court of competent jurisdiction in any matter involving fraud, anti-trust violations, theft, official misconduct, or other offenses indicating a lack of business integrity or business honesty; and
5. Are not currently indicted or otherwise criminally or civilly charged by a federal, state, or local government with fraud, anti-trust violations, theft, official misconduct, or other offenses indicating a lack of business integrity or business honesty; and
6. Have not had one or more federal, state, or local government contracts terminated for cause or default within the past three years.

A detailed response for any item in which the vendor has a positive answer must be included in 'Exceptions to the RFP, if any' and may be marked confidential.

SECTION 4.0 TERMS AND CONDITIONS

- 4.1 **Right to Reject Proposals:** Washburn University reserves the right to reject any or all proposals submitted and waive any formality, informality, or irregularity in any proposal received.
- 4.2 **Compliance with Laws:** The vendor shall comply with any and all applicable federal, state and/or local laws, regulations, ordinances, rules and orders of appropriate governmental authorities, including without limitation, those relating to payment of taxes, obtaining licenses and securing permits.
- 4.3 **Award of Contract:** Any award of contract and/or purchase order resulting from this Request for Proposal will be made in accordance with the following:
- 4.3.1 Evidence of the experience, qualifications and financial responsibility of each vendor and the time of completion are all acceptable to the University.
 - 4.3.2 The award of a contract will be made on the basis of the best, qualified, and responsive proposal as determined by the University, and not necessarily the lowest price proposal. The University may reject for consideration any proposal not prepared and submitted in accordance with the provisions herein; and hereby reserves the right to waive any informalities in, or to reject any or all proposals which, in the opinion of the University, will best serve the interest of the University.
 - 4.3.3 No contract shall be considered to have been entered into by the University until all statutorily required signatures and certifications have been rendered and a written contract has been signed by the successful vendor.
- 4.4 **Contract Documents:** The response to this Request for Proposal (RFP) will be considered as an offer to contract. After final negotiations, any award of contract and/or purchase order resulting from this Request for Proposal will consist of the following:
- 4.4.1 The RFP and any addenda to the RFP;
 - 4.4.2 The provisions of the vendor's RFP response that conform to and are consistent with the University's RFP; and;
 - 4.4.3 Washburn University Purchase Order
 - 4.4.4 Any changes must be agreed to in writing by both parties prior to executing any change.
- 4.5 **Force Majeure:** The vendor shall not be held liable if the failure to perform under this contract arises out of causes beyond the control of the vendor. Causes may include, but are not limited to, acts of nature, fires, tornadoes, quarantine, strikes other than by vendor's employees, and freight embargoes, etc.
- 4.6 **Indemnification and Institutional Requirements:**

- 4.6.1 The successful vendor shall agree to indemnify, defend and hold harmless Washburn University and their respective officers, officials, consultants, agents and employees from any liability for damages or claims for damages to the extent arising from personal injury, including unauthorized disclosure by the vendor, its officers, employees or agents of any information required to be held confidential under the provisions of the contract and/or property damage caused by acts alleged to be negligent in performance of any services pursuant to this Agreement by the successful vendor or the vendor's contractors, subcontractors, agents or employees under this Agreement.
- 4.6.2 **Contract Law:** Any contract and/or purchase order(s) resulting from this RFP will be subject to the laws of the State of Kansas and all other applicable statutes. The total contract and/or purchase order(s) will include only the negotiated and executed contract and/or purchase order(s) and this RFP.
- 4.6.3 **Contract Assignment:** No portion of the operation or of any negotiated and executed contract and/or purchase order(s) for the services may be sublet, subcontracted, or otherwise assigned by the vendor without the prior written consent of the University.
- 4.6.4 **Contract Cancellation:** The University reserves the right to cancel the contract if:
 - (1) The quality of goods and/or services does not meet the specifications or needs of the University as specified; (2) delivery requirements, if any, cannot be guaranteed; (3) any other terms of the Request for Proposal are not met.
- 4.7 **Conflict of Interest:** The Vendor shall not knowingly employ, during the period of his contract or any extensions to it, any professional personnel who are also in the employ of Washburn University and who are providing services involving this contract or services similar in nature to the scope of this contract to the University. Furthermore, the vendor shall not knowingly employ, during the period of this contract or any extensions to it, any Washburn University employee who has participated in the making of this contract until at least two years after his/her termination of employment with Washburn University.
- 4.8 **Nondiscrimination and Workplace Safety:** The Vendor agrees to abide by all federal, state and local laws, rules and regulations prohibiting discrimination in employment and controlling workplace safety. Any violations of applicable laws, rules and regulations may result in termination of this contract.
- 4.9 **INSURANCE:** Upon request, the vendor shall present Certificates of Insurance to the Washburn University Director of Purchasing evidencing the following coverage during the performance of services:
 - A. Worker's Compensation with present limit of at least \$1,000,000.

- B. Employers Liability, with a minimum of \$1,000,000 limit of liability per occurrence.
- C. Commercial General Liability, including contractual liability coverage, with the following minimum limits of liability: \$1,000,000 per occurrence for Bodily Injury and Property damage, Personal and Advertising injury, \$1,000,000 General Aggregate and,
- D. Professional Liability in the minimum of \$1,000,000 per claim

All required insurance coverage hereunder, must be written by an insurance company authorized by the state in which the Project is located to provide such insurance coverage in such state and approved by Owner, and must be written under either standard form approved by the Department of Insurance of the state in which the Project is located or policies in form and content satisfactory to Owner. Carrier shall have an AM Best rating of A or better. Any certifications requested and provided shall contain a provision that the coverage offered under the policies shall not be canceled, non-renewed, or materially changed until at least 30 days prior written notice has been given to the University.

4.10 **Independent Contractor:** Both parties, in the performance of this contract, shall be acting in their individual capacity and not as agents, employees, partners, joint ventures or associates of one another. The employees or agents of one party shall not be construed to be the employees or agents of the other party for any purpose whatsoever. The successful vendor accepts full responsibility for payment of unemployment insurance, workers compensation and social security as well as all income tax deductions and any other taxes or payroll deductions required by law for its employees engaged in work authorized by this contract.

4.11 **Responsibility of the Vendor:** No consideration will be granted for any alleged misunderstanding of the requirement of the Request for Proposal documents, it being understood that the tender of a proposal carries with it the agreement to all provisions of the proposal documents. All vendors are expected to read the proposal documents and respond in the manner directed. All questions asked herein should be answered and all information requested herein should be supplied.

Before submitting a proposal, all bidders shall satisfy themselves as to the existing conditions under which he/she will be required to operate in performing their work. The bidder is not required to visit the job site prior to submitting a bid. No allowance will be made subsequently in behalf of the Vendor for any errors or negligence on their part.

4.12 **Payments:** Parties to the contract will be Washburn University and the vendor. Invoices for all services and reimbursable expenses will be submitted to the Washburn Board of Regents on a monthly basis for approval by the Board President. Approved payments will be subsequently made by Washburn University in accordance with the contract.

Payment Terms are NET 30.

- 4.13 **Taxes:** The University is exempt from federal and state taxes including sales, excise and transportation taxes.
- 4.14 **Shipping Terms:** All items awarded shall be provided F.O.B. Destination as specified herein. This shall include unloading, inside delivery and unpacking.
- 4.15 **Prohibition of Gratuities:** Neither the contractor nor any person, firm or corporation employed by the contractor in the performance of this contract shall offer or give any gift, money or anything of value or any promise for future reward or compensation to any University employee, officer, or Board of Regents member at any time.
- 4.15 **Notification of Award:** An award is made on execution of a written contract or purchase order. Only the University is authorized to issue news releases relating to this Request for Proposal, its evaluation, award and/or performance of the contract.
- 4.16 **No Liens:** Vendor shall keep the University free and clear of any and all liens asserted by any person or organization for any reason arising out of or as a result of the furnishing of goods and/or services by the vendor or by a third party.
- 4.17 **Governing Law:** This contract shall be governed by the laws of the State of Kansas and shall be deemed executed at Topeka, Shawnee County, Kansas.
- 4.18 **Jurisdiction:** The parties shall bring any and all legal proceedings arising hereunder in the State of Kansas, District Court of Shawnee County. The United States District Court for the State of Kansas sitting in Topeka, Shawnee County, Kansas, shall be the venue for any federal action or proceeding arising hereunder in which the University is a party.
- 4.19 **Competition:** The purpose of this Request is to seek competition. The vendor shall advise the Director of Purchasing if any specification, language or other requirement inadvertently restricts or limits proposals to a single source. Notification shall be in writing and must be received by the Purchasing Office no later than five (5) business days prior to the request for proposal closing date. The Director of Purchasing reserves the right to waive minor deviations in the specifications which do not hinder the intent of this Request.
- 4.20 **Acceptance:** No contract provision or use of items by the University shall constitute acceptance or relieve the vendor of liability in respect to any expressed or implied warranties.
- 4.21 **Breach:** Waiver or any breach of any contract term or condition shall not be deemed a waiver of any prior or subsequent breach. No contract term or condition shall be held to be waived, modified, or deleted except by a written instrument signed by the parties thereto. If any contract term or condition or application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition or application. To this end the contract terms and conditions are severable.

If the Vendor shall fail, refuse and/or neglect to comply with the terms found herein, such failure shall be deemed a total breach of the contract and contract may be terminated, canceled, or suspended, in whole or in part. If the contract is terminated, canceled, or suspended for failure to comply with this section, the Contractor shall have no claims for damages against the University on account of such termination, cancellation or suspension or declaration of ineligibility.

4.22 Disclosure of Proposal Content:

Kansas Open Records Act

All proposals become the property of Washburn University. In providing a proposal to the Washburn University Board of Regents, the vendor attests to an understanding that the Kansas Open Records Act, K.S.A. 45-215 *et seq.*, applies to the documents provided by the vendor, and thus pursuant to K.S.A. 45-221(a)(28) all such documents will become publicly available if requested, once a bid has been accepted or all bids rejected.

No proposals shall be disclosed until after a contract award has been issued. The University reserves the right to destroy all proposals if the RFP is withdrawn, a contract award is withdrawn, or in accordance with Kansas law. Late Technical and/or Cost proposals will be retained unopened in the file and not receive consideration.

Trade secrets or proprietary information legally recognized as such and protected by law may be requested to be withheld if clearly labeled "Proprietary" on each individual page **and** provided as separate from the main proposal. Pricing information is not considered proprietary and the vendor's entire proposal response package will not be considered proprietary.

All information requested to be handled as "Proprietary" shall be submitted separately from the main proposal and clearly labeled, in a separate envelope or clipped apart from all other documentation. The vendor shall provide detailed written documentation justifying why this material should be considered "Proprietary". The Washburn University Purchasing Office reserves the right to accept, amend or deny such requests for maintaining information as proprietary in accordance with Kansas law.

At the time of closing, only the names of those who submitted proposals shall be made public information. No price information will be released.

- 4.23 Inspection:** The University reserves the right to reject, on arrival at destination, any items which do not conform to the specifications of this Request.

- 4.24 **Notices:** All notices, demands, requests, approvals, reports, instructions, consents or other communications (collectively "notices") which may be required or desired to be given by either party to the other shall be **IN WRITING** and addressed as follows:

Gabrielle Rye, Buyer
RFP 25030
Morgan Hall Room 214A
1700 SW College Ave
Topeka, KS 66621
Purchasing@washburn.edu

- 4.25 **Data Security:** In the performance of this contract, the vendor will become a holder of and have access to private data on individuals. In performance of the contract, the vendor agrees it will comply with all applicable state and federal laws and regulations relating to confidentiality of information received as a result of the contract. The vendor agrees that it, its officers, employees and agents will be bound by confidentiality laws and that it will establish procedures for safeguarding the information.

Upon selection for a contract, the vendor agrees to notify its officers, employees and agents of the requirements of confidentiality and of the possible penalties imposed by violation of these laws. The vendor agrees that neither it, nor its officers, employees or agents will disclose or make public any information received by the vendor while executing this contract.

The vendor shall not use the names, home address, phone numbers, or any other information obtained by implementation or execution of this contract about employees, citizens, vendors or other information for any purpose other than the performance of this contract.

All Washburn University information or data is considered confidential. Vendor agrees to return any or all information or data furnished by the University promptly at the request of the Board or University, in whatever form it is maintained by vendor. Upon termination or expiration of this contract, the vendor and each of the persons and entities working for the vendor shall destroy or return all requested data, electronic information, written, or descriptive materials or any related matter of any type including but not limited to drawings, blueprints, descriptions, or other papers or documents which contain any such confidential information.

- 4.26 **Exceptions:** As part of the proposal response, vendors shall indicate any part of the proposal document with which they take exception. Any exceptions taken should be outlined in their response with cross reference to the portion or section of the proposal.

VENDOR RESPONSE CHECKLIST

The following checklist is provided to assist bidders in ensuring all requirements are met and all required document submissions are included with the bid.

TECHNICAL PROPOSAL

- Bidder Information
